**“ We would like your views on how we improve care.”**

We have a proposal to bring **Aintree University Hospital NHS Foundation Trust** and the **Royal Liverpool and Broadgreen University Hospitals NHS Trust** together as a merged organisation.

Our doctors, nurses and health professionals believe we can improve the quality of care if they come together and work as single teams. This would ensure our patients have access to the very best care, wherever they live, or are treated.

By coming together and exploring ways to work differently, we can:

- Improve the quality of care so patients get the best results
- Deliver consistently good care, seven days a week
- Attract the best staff
- Ensure patients' experience of care is excellent
- Enable patients to access more clinical trials
- Reduce duplication of healthcare services

## How can you get involved?

Visit the website for the latest information about the merger proposal. Find out where your nearest public meeting will be held, book onto a public meeting or complete the survey online:
